

Rate Review Questions

O'Fallon Park Rec Complex Town Hall

Cards

- Why does St. Louis City push the cost of neglected infrastructure to the public?
- Is the Rate Sufficiency Study by Black and Vietch available to the public online on the website/City Water?
- Does the rate increase go to the voter?
- Lead service line replacement - who pays for that?
- How much of \$2 billion ARPA Fund did St. Louis City Water apply for and receive?
- What are you doing about all the money owed to you, and why not just concentrate on that?
- Are there still people buying water from us (the City of St. Louis Water Division), and could there be more?
-

Live

- After these rates will we keep our flat rates?
- What about big businesses...do they (big businesses like A-B) get a special deal because they are a large volume user or something?
- Is the Water Division in collaboration with the Street Department (with regard to digging and such)?
- Can the different utility companies come together and put a pot (a fund) together to get us out of the trauma?
- You're telling me that it's going to be 40-something dollars a month added to the bill that I...that we get quarterly, right?
- The water bill goes on and on and on and on, and you want us to absorb that?
- *In response to the fact that the Water Division cannot dig for five years anywhere a utility has dug and done a replacement: Are you kidding me right now?*
- In response to assistance...My question was so you said a one-time...not one time a year but one lifetime?
- What are we doing to create a pipeline for City residents to actually be able to be a part of the work force and then also making sure the contractors that do [the work]...?
- How much of the ARPA funds, the affordability...the temporary affordability have been spent and are you on target to spend all of it and if not, how do you plan to spend that money before it has to go back?
- *In regard to data centers: What do you anticipate? Are you ready for it?*
